Resolution 23-16

Highway Transportation Funding

WHEREAS, local government in Wisconsin is responsible for about 90% of the road miles in the state; and

WHEREAS, Wisconsin's diverse economy is dependent upon county and town roads as well as city and village streets and transit systems across the state; and

WHEREAS, according to "Filling Potholes: A New Look at Funding Local Transportation in Wisconsin," commissioned by the Local Government Institute of Wisconsin (LGI) the condition of Wisconsin's highways is now in the bottom third of the country; and

WHEREAS, state funding for local roads in Wisconsin has failed to keep up with costs over the past several decades which has adversely affected local transportation finances.

According to "Filling Potholes," municipal transportation spending has declined from \$275 per capita in 2000 to \$227 in 2012; and

WHEREAS, Mass Transit Operating Aids and County Elderly and Disabled Transportation assistance programs are funded through the state gas tax and vehicle registration user fee system. These programs are critical to ensuring that transportation services are delivered to vulnerable citizens. Proper funding for these programs helps ensure that all citizens have an opportunity to access the workplace as well as the marketplace; and

WHEREAS, levy limits do not allow local government to make up for the deterioration of state funding; and

WHEREAS, Wisconsin's over-reliance on borrowing eats away at the state's segregated funding sources - the state gas tax and vehicle registration fees - which increasingly pay debt service rather than fund transportation needs; and

WHEREAS, safety is a primary concern and responsibility of local governments across Wisconsin. Unfortunately, according to TRIP, a national non-profit transportation research group, Wisconsin had 347 non-interstate, rural road fatalities in 2013; and

WHEREAS, the Price County Board of Supervisors recognizes that our state highway and interstate system is the backbone of our surface transportation system and plays a vital role in the economy of Wisconsin. Both local *and* state roads need to be properly maintained in order for our economy to grow; and

WHEREAS, from a competitive standpoint Wisconsin motorists pay significantly less than any of our neighbors when you combine the annual cost of the state gas tax and vehicle registration fees; and

WHEREAS, the Transportation Finance and Policy Commission, appointed by the Governor and Legislature clearly found that if Wisconsin does not adjust its user fees, the condition of both our state and local roads will deteriorate significantly over the next decade.

NOW, THEREFORE, BE IT RESOLVE by the Price County Board of Supervisors urges the Governor and Legislature to *Just Fix It* and agree upon a sustainable solution: one that includes a responsible level of bonding and adjusts our user fees to adequately and sustainably fund Wisconsin's transportation system. Furthermore, the Price County Board of Supervisors directs the County Clerk to send a copy of this resolution to our State Legislators and to Governor Scott Walker.

**2016 Longevity Pay for Exempt/Salaried Employee**

WHEREAS, it has been past-practice that Price County has paid a premium to employees for longevity based on years of employment with the County; and

WHEREAS, the implementation of the current pay structure eliminated longevity pay from the hourly and salary pay schedules; and

WHEREAS, the non-exempt/hourly employees have had the longevity premium built into their pay schedules; and

WHEREAS, it is intended that the results of the current wage study will have longevity built into the exempt/salaried employee pay schedule; and

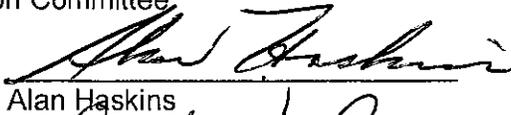

WHEREAS, until that schedule is adopted, the exempt/salaried employees are being denied the longevity pay premium that employees in that category had been receiving up until 2016.

NOW THEREFORE BE IT RESOLVED that the Price County Board of Supervisors adopt the attached one-time 2016 Longevity Pay for Exempt/Salaried Employees.

**Support of Increased Funding in the Children and Family Aids Allocation**

WHEREAS, the Department of Children and Families provides funding to counties through the Children and Family Aids allocation for the provision of child abuse and neglect services, including prevention, investigation, treatment, and out-of-home placement costs; and

WHEREAS, base funding for child welfare services has not increased since the Department of Children and Families was created in 2009; and

WHEREAS, over the past few years, the child welfare workload has increased in all counties across the state; and

WHEREAS, the number of child protective services (CPS) referrals has increased by 30 percent since 2007 – from 55,895 referrals in 2007 to 72,698 in 2014; and

WHEREAS, the number of children in out-of-home care has increased from 7,653 in 2011 to 8,258 in 2015; and

WHEREAS, the number of screened-in CPS reports has increased from 18,706 in 2011 to 20,384 in 2015; and

WHEREAS, the number of Children in Need of Protection and Services (CHIPS) petitions filed with the court has increased 12.5 percent from 2008 to 2015; and

WHEREAS, the number of Children in Need of Protection and Services (CHIPS) petitions filed in Price County Juvenile Court at the end of August, 2016, is twice the number of total CHIPS petitions filed in 2015; and

WHEREAS, counties are struggling to recruit and retain child welfare workers; and

WHEREAS, the stress of increasing caseloads is taking its toll on CPS workers, causing many experienced child welfare workers to leave the profession; and

WHEREAS, the leading cause of these increases is the use of heroin, opiates, and methamphetamines; and

WHEREAS, it is critical that counties have the resources necessary to ensure the safety of children in every corner of the state; and

WHEREAS, counties are struggling to identify resources to increase child welfare staff, especially given the significant overmatch counties already put in the human services system.

NOW, THEREFORE, BE IT RESOLVED that the Price County Board of Supervisors does hereby request that the state of Wisconsin, in the 2017-19 state biennial budget, increase funding to counties in the Children and Family Aids allocation to assist counties in serving the increasing number of children and families in the child welfare system; and

BE IT FURTHER RESOLVED that a copy of this resolution be sent to Governor Scott Walker, Department of Children and Families Secretary Eloise Anderson, Department of Administration Secretary Scott Neitzel, area legislators, and the Wisconsin Counties Association.
